Footnote. The Rules, as amended by Order № 222 of the Acting Minister of Science and Higher Education of the Republic of Kazakhstan dated April 30, 2025, shall come into effect ten calendar days after its first official publication).

Chapter 1. General Provisions

1. These Rules have been developed in accordance with subparagraph 55) of paragraph 15 of the Regulation on the Ministry of Science and Higher Education of the Republic of Kazakhstan, approved by the Resolution of the Government of the Republic of Kazakhstan dated August 19, 2022 № 580 "On certain issues of the Ministry of Science and Higher Education of the Republic of Kazakhstan" and shall determine the procedure for placing a state educational order for the training of personnel with higher and postgraduate education, taking into account the needs of the labor market, for preparatory departments of higher and (or) postgraduate education organizations.

2. The following basic concepts shall be used in these Rules:

1) the operator of the authorized body in the field of education - a legal entity with 100% state participation in the authorized capital, determined by the authorized body in the field of education in agreement with the authorized body in the field of science and higher education,

placing a state order for providing students, master's degree students and doctoral students with places in dormitories, a state educational order for secondary education in private educational organizations, a state educational order for the training of personnel with higher and postgraduate education and the payment of state scholarships, with the exception of state personal scholarships, and also coordinating the activities of participants in per capita standard financing within the limits stipulated by the legislation of the Republic of Kazakhstan, and ensuring monitoring and control over compliance by the persons specified in paragraph 17 of Article 47 of the Law of the Republic of Kazakhstan "On Education" (hereinafter referred to as the Law), with their obligations to work off or reimburse the costs of budgetary funds in the event of failure to work off (hereinafter referred to as the Operator);

2) an organization of higher and (or) postgraduate education (hereinafter referred to as OHPE) - a higher educational institution that implements educational programs of higher and (or) postgraduate education and carries out research activities.

3. The state educational order for the training of personnel with higher and postgraduate education, formed and distributed among groups of educational programs taking into account the forecasted needs of the economy for personnel, including sectoral and regional needs, priorities of industrial and innovative development of the country, the needs of higher education institutions and scientific organizations for scientific and pedagogical personnel, shall be placed among higher education institutions, including international and foreign educational institutions in the Republic of Kazakhstan and (or) their branches included in the top 250 international academic rankings (Quacquarelli Symonds (hereinafter referred to as QS), Academic Ranking of World Universities (hereinafter referred to as ARWU), Times Higher Education (hereinafter referred to as THE) and/or the top 100 national rankings of the countries of the Organization for Economic Cooperation and Development (hereinafter referred to as OECD) and/or BRICS, created in the manner prescribed by paragraph 4 of Article 65 of the Law based on the results of the competition.

4. State educational orders for financing higher or postgraduate education shall be placed in the form of educational grants in a differentiated manner depending on the educational programs, type and status of the organization of higher and/or postgraduate education.

The state educational order for the training of personnel with higher education (bachelor's degree) and the training of master's degree students is placed in the OHPE, regardless of the form of ownership, in the form of educational grants based on the results of a competition held by the authorized body in the field of science and higher education.

The state educational order for the training of doctors of philosophy (PhD)/doctors in the field/doctors of industry, including targeted training for regional higher education institutions and scientific organizations, state bodies shall be placed on a competitive basis, regardless of the form of ownership of the higher education institution.

5. The state educational order for the training of students in preparatory departments shall be placed in the OHPE based on the results of a competition held by the authorized body in the field of science and higher education.

6. The placement of state educational orders for the training of personnel with higher and postgraduate education shall be carried out by the authorized body in the field of science and higher education. Funding for higher education institutions where the state educational order for the training of personnel with higher and postgraduate education is placed shall be provided by the Operator within the funds allocated in the relevant budget programs, administered by the authorized body in the field of science and higher education.

Chapter 2. The procedure for placing a state educational order for the training of personnel with higher and postgraduate education, taking into account the needs of the labor market, for preparatory departments of higher and postgraduate education institutions

7. The state educational order for the training of personnel with higher and postgraduate education shall be placed within the framework of per capita standard financing in accordance with the order of the Minister of Education and Science of the Republic of Kazakhstan dated July 10, 2023 № 311 "On certain issues of per capita standard financing of higher and (or) postgraduate education taking into account the credit technology of education" (registered in the State Register of Normative Legal Acts under № 33056).

Section 1. Procedure for forming a list of potential providers of services for training personnel with higher and postgraduate education

8. To place a state educational order for the training of personnel with higher and postgraduate education, the authorized body in the field of science and higher education shall, on a competitive basis, form a list of higher education institutions in which, based on the results of the competition, a state educational order for the training of personnel with higher and postgraduate education is placed.

The decision to hold a competition shall be formalized by an order of the Minister or the person acting on behalf of him/her, specifying the deadlines. The decision to extend the competition deadline shall be made by the authorized body in the field of science and higher education.

9. The announcement of the competition shall be published on the official Internet resources of the authorized body in the field of science and higher education.

Acceptance of competitive applications from the OHPE in the form according to the appendix to the Rules (hereinafter referred to as the Competitive application) shall be carried out within 10 (ten) working days from the date of publication of the announcement.

10. To conduct the Competition, a Commission for the placement of state educational orders for the training of personnel in higher and (or) postgraduate education organizations (hereinafter referred to as the Commission) shall be created, the composition of which shall be

approved by order of the Minister or the person performing his/her duties, in a number of at least 5 of its members and a chairman.

The Commission shall be comprised of employees of the authorized body in the field of science and higher education, interested government agencies and departments, the National Chamber of Entrepreneurs of the Republic of Kazakhstan, industry associations, and the Association of Higher Education Institutions of the Republic of Kazakhstan. A chairperson shall be elected by a majority vote from among the members of the List Commission. The Commission's membership shall be odd, including its chairperson.

11. Meetings of the Commission shall be considered valid if more than 2/3 (two-thirds) of the total number of its members are present.

12. The Commission's decisions shall be made by open vote, by a simple majority of the Commission members present at the meeting, and are recorded in minutes of the meeting, which are signed by the Chairperson. In the event of equality of votes, the Chairperson's vote shall be decisive.

13. To participate in the competition for the placement of a state educational order for the training of personnel with higher and postgraduate education, the OHPE shall submit a competition application in electronic format and fill out the OHPE information card in the form according to Appendix, to the Rules;

If questions arise regarding the indicators of the information map presented by the OHPE, the Commission shall request supporting documents.

14. The documents included in the tender application shall be completed in the information system and signed with an electronic digital signature by the head of the OHPE in the manner specified in the tender announcement.

In this case, the information provided by the OHPE shall be verified for compliance with the data of the information system “Unified Platform for Higher Education” (hereinafter referred to as the UPHO).

15. The OHPE shall generate a competitive application in electronic format no later than the hour and date specified in the announcement of the competition.

Any bid received after the deadline, regardless of the reason for the delay, shall not be considered. No changes to bids after the deadline shall be permitted.

16. The authorized body in the field of science and higher education shall prepare the tender documentation for the higher education program and determine its compliance for review by the Commission. Based on the results of its review of the tender documentation, the Commission shall decide whether to award or decline the state educational contract for the training of personnel with higher and postgraduate education, as well as for preparatory departments.

17. The competition for the formation of the list of higher education institutions (HEIs) in which the state educational order for the training of personnel with higher and postgraduate education is placed, by groups of educational programs (areas of training), shall be open to

HEIs that have a license and (or) supplements to the license to engage in educational activities, that have passed institutional and (or) specialized accreditation in accreditation bodies included in the register of recognized accreditation bodies, except for the Academy of Justice, military, and special educational institutions. International and foreign educational institutions in the Republic of Kazakhstan and (or) their branches included in the top 250 international academic rankings (QS, ARWU, THE) and/or the top 100 national rankings of OECD and/or BRICS countries, created in the manner prescribed by paragraph 4 of Article 65 of the Law, shall participate in the competition based on permits for educational activities and accreditation of the parent university of the country of registration.

The threshold value for the employment rate of graduates of higher education institutions shall be determined by the Commission.

Exceptions are new areas of personnel training that have received a license for the first time, newly created higher education institutions for training personnel with higher and postgraduate education, as well as international and foreign educational institutions in the Republic of Kazakhstan and/or their branches included in the top 250 international academic rankings (QS, ARWU, THE) and/or the top 100 national rankings of OECD and/or BRICS countries, created in accordance with the procedure stipulated by paragraph 4 of Article 65 of the Law. The list of higher education institutions shall be determined by the Commission.

18. The state educational order for the training of personnel with higher and postgraduate education shall not be placed in the OHPE in the following cases:

- 1) suspension of the license and (or) annex to the license to engage in educational activities:

- 2) absence or exclusion of an educational program from the Register of educational programs of the authorized body in the field of science and higher education for the relevant group of educational programs.

19. When forming the list of higher education institutions in which the state educational order for the training of personnel with higher and postgraduate (scientific and pedagogical/specialized master's degree) education is placed, including for individual higher education institutions, the Commission shall take into account:

- 1) the presence of a contingent of students in the relevant group of educational programs, except for areas included for the first time in the Classifier of areas of training of personnel with higher and postgraduate education of the Republic of Kazakhstan;

- 2) staffing of the higher education institutions and material and technical support of the scientific and educational process;

- 3) provision of educational, educational and methodological literature and other information resources;

- 4) scientific potential and the level of scientific research conducted in the OHPE (for OHPE);

5) availability of accommodation for out-of-town students in a dormitory and/or agreements with hostels/hotels, public catering facilities and medical services;

6) the presence of accredited educational programs, except for international and foreign educational institutions in the Republic of Kazakhstan and (or) their branches included in the top 250 international academic rankings (QS, ARWU, THE) and/or the top 100 national rankings of OECD and/or BRICS countries, created in the manner prescribed by paragraph 4 of Article 65 of the Law;

7) information on the employment and occupation of graduates in the first year after completing higher education for the declared groups of educational programs;

8) participation in the international ranking of OHPE;

9) the position of the higher education institution in the ranking of educational programs conducted by the National Chamber of Entrepreneurs of the Republic of Kazakhstan;

10) compliance of the information in the EHEA with the actual data;

11) the presence of double-degree or joint educational programs with international and foreign educational institutions in the Republic of Kazakhstan and (or) their branches included in the top 250 international academic rankings (QS, ARWU, THE) and/or the top 100 national rankings of OECD and/or BRICS countries, created in the manner prescribed by paragraph 4 of Article 65 of the Law.

20. When forming the list of higher professional education institutions where the state educational order shall be placed for the training of personnel with postgraduate education: Doctor of Philosophy (PhD)/Doctor of Specialization/Doctor of Industry, including targeted places, the Commission shall take into account:

1) participation in international and/or national rankings of higher education institutions;

2) the existence of agreements with accredited scientific partner organizations, including foreign ones, on the implementation of joint scientific projects and the provision of a research base;

3) the presence of scientific supervisors from among the faculty of the OHPE with academic degrees of Doctor of Science/Candidate of Science, and Doctor of Philosophy (PhD)/Doctor in the relevant field;

4) implementation of joint scientific and educational projects with foreign partners (scientific organizations);

5) staffing of the scientific and educational process and meeting the requirements for engaging in educational activities in postgraduate education programs (for the group of specialties "Arts", including teachers awarded honorary titles and state awards of the Republic of Kazakhstan);

6) access to global scientific and educational resources; material and technical support for the scientific and educational process that meets the requirements for engaging in educational activities under postgraduate education programs;

7) the presence of accredited educational programs, except for international and foreign educational institutions in the Republic of Kazakhstan and (or) their branches included in the top 250 international academic rankings (QS, ARWU, THE) and/or the top 100 national rankings of OECD and/or BRICS countries, created in the manner prescribed by paragraph 4 of Article 65 of the Law;

8) implementation of scientific and scientific-technical programs and projects based on grants, program-targeted financing and external sources of financing;

9) availability of accommodation for students in a dormitory, public catering facilities and medical services at the OHPE;

10) information on the employment and occupation of graduates in the first year after graduation from higher education institutions in the stated specialties.

Admission of higher education institutions to the competition, in which doctoral graduates have completed their studies and have not received approval for the degree of Doctor of Philosophy (PhD), or Doctor of Science in the relevant field within 4 (four) years after completion of the relevant group of educational programs, shall be carried out by decision of the Commission.

21. To place a state educational order for the training of students of the preparatory department of the OHPE, when applying electronic format, shall fill in the information in the OHPE information card specified in paragraph 22 of these Rules.

22. When forming the list of higher education institutions in which the state educational order for the training of students in the preparatory department is placed, the Commission shall take into account:

1) availability of accommodation for out-of-town students in dormitories and/or agreements with hostels/hotels, catering facilities and medical services.

2) information on the number of students who scored the UNT threshold score of at least 50 points in the previous year and who were admitted to higher education institutions for study in higher education programs.

23. Taking into account the assessment, the Commission shall decide on the formation of lists of higher education institutions in which the state educational order is placed, including for:

1) training of personnel with higher education, including differentiated training with an indication of the number of grants for individual higher education institutions, regions, and the number of grants in higher education institutions with partial payment;

2) training of personnel in scientific and pedagogical master's/specialized programs, including an indication of the number of grants for individual higher education institutions;

3) training of personnel in doctoral studies, indicating the number of places in groups of educational programs, including for the targeted training of doctors of philosophy (PhD)/doctors in the field/doctors of industry;

4) training of students in the preparatory departments of the OHPE;

5) training of personnel with higher and postgraduate education in international and foreign educational institutions in the Republic of Kazakhstan and (or) their branches included in the top 250 international academic rankings (QS, ARWU, THE) and/or the top 100 national rankings of OECD and/or BRICS countries, created in the manner prescribed by paragraph 4 of Article 65 of the Law;

Based on the Commission's findings, the Minister or his/her acting representative approves a list of higher education institutions (HEIs) where state educational contracts for training personnel with higher and postgraduate education who are potential service providers are placed. The approved list of HEIs shall be submitted to the operator.
