the Republic of Kazakhstan

Approved by  
Order № 609 of the  
Minister of Industry and

**Rules for registering activities on the carriage of goods by freight and special-purpose vehicles, and also on the provision of services with special vehicles in the territorial division of the authorized body for automobile transport**  
**Chapter 1. General provisions**

1. These Rules for registering activities on the carriage of goods by freight and special-purpose vehicles, and also on the provision of services with special vehicles in the territorial division of the authorized body for automobile transport are developed in accordance with Article 41-1 of the Law of the Republic of Kazakhstan as of July 4, 2003 “On Automobile Transport” and establish the procedure for registering activities on the carriage of goods by freight and special-purpose vehicles, and also on the provision of services with special vehicles in the territorial division of the authorized body for automobile transport (hereinafter referred to as the Rules).

2. The main terms used in these Rules are as follows:

1) automobile carrier (hereinafter referred to as the carrier) - an individual or legal entity owning vehicles, except for cars, on the basis of property rights or other legal grounds, carrying out entrepreneurial activities on the carriage of passengers, baggage, cargo and postal items;

2) special automated measuring tool - certificated special monitoring and measuring technical equipment that passed metrological check, carrying out photo and video recording, working in automated mode, fixing a type, brand, vehicle registration plate, weight and (or) overall characteristic and movement speed of motor vehicles (hereinafter referred to as the SAMT);

3) register of activities on the carriage of goods by freight and special-purpose vehicles, and also on the provision of services with special vehicles - a single list of carriers engaged in the carriage of goods by freight and special-purpose vehicles, and also in the provision of services with special vehicles, formed in the SAMT (hereinafter referred to as the Register) .

Chapter 2. Procedure for registering activities on the carriage of goods by freight and special-purpose vehicles, and also on the provision of services with special vehicles in the territorial division of the authorized body for automobile transport

3. Registration of activities on the carriage of goods by freight and special-purpose vehicles, and also on the provision of services with special vehicles in the territorial division of the authorized body for automobile transport is carried out by the territorial divisions of the authorized body for automobile transport in order to form a single list of carriers engaged in

the carriage of goods by freight and special-purpose vehicles, and also in the provision of services with special vehicles.

4. In order to register activities on the carriage of goods by freight and special-purpose vehicles, and also on the provision of services with special vehicles, the carrier shall submit to the territorial division of the authorized body for automobile transport an application in accordance with the form in Appendix 1 to these Rules indicating the following information:

- 1) name of the legal entity or the individual;
- 2) business identification number or individual identification number;
- 3) the type, number of vehicles of the legal entity or the individual;
- 4) state registration plate of the vehicle;
- 5) location of the legal entity or the individual (region, city (village, rural settlement), street, house, contact numbers, email address);
- 6) type of activity, services.

5. A territorial division of the authorized body for automobile transport, within one working day of receipt of the application for registration of activities on the carriage of goods by freight and special-purpose vehicles, and also on the provision of services with special vehicles, enters the relevant information into the Register in accordance with the form in Appendix 2 to these Rules.

6. If the carrier submits an application indicating incomplete information, the territorial division of the authorized body for automobile transport refuses to accept it.
