Order of the Minister of Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan dated April 14, 2020 № 140/HK. Registered with the Ministry of Justice of the Republic of Kazakhstan on April 18, 2020 № 20424.

Unofficial translation

In accordance with Article 10, subparagraph 1) of the Law of the Republic of Kazakhstan dated April 15, 2013 “On public services”, **I hereby ORDER:**

1. To approve the attached Rules for the public service provisions "Issuance of a license for outer space activities."
2. To recognize as invalid some orders of the Ministries for Investment and Development of the Republic of Kazakhstan, Defense and Aerospace Industry of the Republic of Kazakhstan, Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan according to the Annex to this order.
3. In accordance with the procedure established by the legislation of the Republic of Kazakhstan, the Aerospace Committee of the Ministry of Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan shall:
 - 1) ensure the state registration of this order with the Ministry of Justice of the Republic of Kazakhstan;
 - 2) place this order on the Internet resource of the Ministry of Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan after its official publication ;
 - 3) within ten working days after the state registration of this order, submit to the Legal Department of the Ministry of Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan information on the implementation of measures provided for in subparagraphs 1) and 2) of this paragraph.
4. Control over the execution of this order shall be entrusted to the supervising Vice-Minister of Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan.
5. This order shall enter into force upon expiry of twenty-one calendar days after the date of its first official publication.

*Minister of Digital
Development, Innovation
and Aerospace Industry
of the Republic of Kazakhstan*

A. Zhumagaliyev

"AGREED"

Ministry of National Economy
of the Republic of Kazakhstan

Approved by the order
of the Minister of Digital
Development, Innovation
and Aerospace Industry
of the Republic of Kazakhstan
dated April 14, 2020 № 140/HK

Rules for the public service provisions "Issuance of the license of outer space activities"

Chapter 1. General provisions

1. These Rules for the state service provision “Issuance of a license for outer space use activities” (hereinafter referred to as the Rules) have been developed pursuant to subparagraph 1) of Article 10 of the Law of the Republic of Kazakhstan “On State Services” (hereinafter referred to as the Law), subparagraph 4) of paragraph 1 of Article 12 of the Law of the Republic of Kazakhstan “On Permits and Notifications” and determine the procedure for providing the state service “Issuance of a license for outer space use activities” (hereinafter referred to as the state service).

Footnote. Paragraph 1 - as amended by the order of the Minister of Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan dated 18.02.2022 № 56/HK (shall be enforced sixty calendar days from the date of its first official publication).

2. The following basic concepts shall be used in this Rules:

1) Unified contact center - a legal entity defined by the authorized body in the field of provision of state services, which performs the functions of an information and reference service for providing information to service recipients on the provision of state and other services, as well as to state bodies - information on the provision of information and communication services;

2) qualification requirements - a set of quantitative and qualitative standards and indicators characterizing the ability of the applicant and licensee to engage in a separate licensed activity and/or a subspecies of the licensed activity, presented both when issuing a license and/or an annex to the license, and throughout the entire period of its validity;

3) standard of public service - a list of the main requirements for the public service provision, including the characteristics of the process, the form, content and result of the provision, as well as other information taking into account the peculiarities of the public service provision;

4) a license - a permission of the first category issued by the licensor to an individual or legal person to carry out a licensed activity or a subspecies of the licensed activity associated with a high level of danger;

5) permitting control - the activity of permitting authorities aimed at verifying the applicant's compliance with qualification or permitting requirements before issuing a permission and/or an annex to the permission, as well as ensuring that licensees and owners of permissions of the second category of legislation of the Republic of Kazakhstan on permissions and notifications after their issuance;

6) the web portal "e-government" (hereinafter referred to as the portal) - an information system, with a single window of access to all consolidated government information, including the regulatory legal framework, and to public services, services for issuing technical conditions for connecting to networks of natural monopolies and services of entities of the quasi-public sector provided in electronic form;

7) electronic digital signature (hereinafter referred to as the EDS) - a set of electronic digital symbols created by means of electronic digital signature and confirming the validity of the electronic document, its belonging and unchanged content.

Footnote. Paragraph 2 as amended by the order of the Minister of Digital Development, Innovations and Aerospace Industry of the Republic of Kazakhstan dated 28.07.2023 № 292/ HK (shall come into force upon expiry of ten calendar days after its first official publication).

Chapter 2. Procedure for public service provision

3. The list of the main requirements for the public service provision shall be given in the public service standard "Issuance of a license for activities in the field of space use" (hereinafter referred to as the Public Service Standard) according to Annex 1 to these Rules.

The state service shall be provided by the Aerospace Committee of the Ministry of Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan (hereinafter referred to as the service provider).

4. To obtain a public service, the individual and legal entity (hereinafter referred to as the service recipient) shall send the service recipient through the portal:

1) the application of an individual or legal entity for obtaining or re-issuing a license to carry out outer space activities(hereinafter referred to as the license) according to the forms, in accordance with Annexes 2 - 5 to these Rules (hereinafter referred to as the application);

2) a form of information on the qualification requirements for activities in the field of space use and a list of documents confirming their compliance, in accordance with the form according to Annex 6 to these Rules.

The terms of consideration of documents and issuance of the result of public service provision by the service provider from the moment of application to the portal shall be:

7 (seven) working days when a license is issued;

if the license is re-issued on 3 (three) working days.

5. The service provider's office shall receive and register documents on the day of acceptance of the license.

When applying for the service of the recipient after the end of working time, on weekends and holidays, the application is accepted during the next working day.

Information on documents confirming the identity of the service recipient, on state registration (re-registration) of a legal entity, on state registration as an individual entrepreneur, information on payment of the license contribution to the budget, the service recipient shall receive from the relevant state information systems through the gateway of "electronic government."

Upon delivery of documents by the service recipient, the "personal account" shall display the status of acceptance of the request for the public service provision, as well as a notification indicating the date and time of acceptance of the result of the public service provision.

6. An employee of the service provider's responsible structural unit (hereinafter referred to as the service provider's employee), within 2 (two) working days from the registration date of the documents listed in paragraph 4 of these Rules, shall check the completeness of the submitted documents and (or) information. If the service recipient submits an incomplete package of documents and (or) information, the service provider's employee within the indicated period shall give a reasoned dismissal of the application in the form of an electronic document signed with the digital signature of the service provider's authorized person.

If the service recipient provides a full package of documents and (or) information, the service provider's employee, within five working days, shall check the compliance of the documents submitted by the service recipient with the Qualification requirements for outer space use activities and the list of documents verifying compliance with them, approved by order of the Minister of Investment and Development of the Republic of Kazakhstan dated January 30, 2015 № 84 (registered in the Register of State Registration of Regulatory Legal Acts under № 10603).

Upon results of checking the service recipient's documents, the responsible administrant of the service provider shall issue a license for outer space use activities or a reasoned dismissal of the state service and send it to the "personal account" of the service recipient in the form of an electronic document signed with the digital signature of the service provider's authorized person.

In accordance with subparagraph 5) of paragraph 1 of Article 3 of the Law of the Republic of Kazakhstan "On Permits and Notifications," service providers are authorized to conduct verification of compliance with the requirements established by regulatory legal acts, and in case of non-compliance with the requirements established by the legislation of the Republic of Kazakhstan, refuse to issue a permit.

Footnote. Paragraph 6 - as amended by the order of the Minister of Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan dated 18.02.2022 №56/HK (shall be enforced sixty calendar days from the date of its first official publication).

7. The license to carry out outer space activities shall be re-issued in the following cases:

- 1) changes of the surname, first name, patronymic (if any) of the individual-service recipient;
- 2) re-registration of the individual entrepreneur-service recipient, change of its name or legal address;
- 3) reorganization of the legal person - service recipient;
- 4) change of the name and (or) location of the legal entity - service recipient (in case of address in license);
- 5) presence of the requirement for re-registration in the Laws of the Republic of Kazakhstan.

The license shall be re-issued by the service provider on the basis of the application of an individual or legal entity to re-issue the license in accordance with Annexes 4 or 5 of these Rules.

The office of the service provider on the day of acceptance of documents for re-issuance of the license shall carry out their acceptance and registration.

The employee of the service provider within three working days from the date of registration of the application of an individual or legal entity for re-registration of the license shall verify the completeness of the submitted information and the basis for re-registration of the license, as a result of which he shall reissue the license, or forms a motivated refusal to provide state service and shall send to the "personal account" of the service recipient in the form of an electronic document signed by the EDS of the authorized person of the service provider.

8. The grounds for refusal of public service shall be:

- 1) occupation of a type of activity shall be prohibited by the Laws of the Republic of Kazakhstan for this category of individuals or legal entities;
- 2) no license contribution;
- 3) the service recipient shall not meet the qualification requirements;
- 4) a court decision (sentence) on suspension or prohibition of activities or certain types of activities subject to licensing shall be in force against the service recipient;
- 5) the court, on the basis of the submission of the judicial executor, shall be temporarily forbidden to issue a license to the service recipient-debtor;
- 6) inaccuracy of documents submitted by the service recipient for obtaining a license and (or) data (information) contained in them shall be established.

8-1. When identifying grounds for rejecting the state service, the service provider shall notify the service recipient of the preliminary decision declining the state service, as well as the time and place (method) of the hearing to enable the service recipient to express a position on the preliminary decision.

Notice of the hearing shall be sent at least 3 (three) business days before the end of the deadline for the state service. The hearing shall be held no later than 2 (two) working days from the date of notification.

Upon the hearing results, the service provider shall issue a license for outer space use activities or a reasoned refusal to provide the state service.

Footnote. The Rules have been supplemented with Paragraph 8-1 by the order of the Minister of Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan dated 18.02.2022 №56/HK (shall be enforced sixty calendar days from the date of its first official publication).

9. The service provider shall provide data on the stage of public service provision in the information system for monitoring public service provision in accordance with the procedure established by the authorized body in the field of informatization.

When providing the public service through the state information system of permissions and notifications, data on the stage of its provision are automatically transmitted to the information system of monitoring the public service provisions.

Chapter 3. Procedure for appealing decisions, actions (inactions) of service providers and/or their officials on the public service provisions

10. A complaint against the decision, actions (inaction) of the service provider regarding the state service provision shall be submitted to the head of the service provider, a higher ranking state body, to the authorized body for assessing and supervising the state service provision quality, in accordance with the legislation of the Republic of Kazakhstan.

The complaint shall be submitted to the service provider and (or) an official whose decision, action (inaction) is being appealed.

In this case, the service provider and (or) official, whose administrative act, administrative action (inaction) is being appealed, has the right not to forward the complaint to the complaint examination body, if within 3 (three) working days he adopts a favorable administrative act or takes an administrative action, fully satisfying the requirements specified in the complaint.

A complaint from a service recipient received by a government body directly providing the state service, in accordance with paragraph 2 of Article 25 of the Law, shall be processed within 5 (five) working days from its registration date.

A service recipient's complaint received by the authorized body for assessing and supervising the state services provision quality shall be processed within 15 (fifteen) working days from its registration date.

In case of disagreement with the state service results, unless otherwise provided by law, a complaint to the court is allowed after a pre-trial complaint.

Footnote. Paragraph 10 - as amended by the order of the Minister of Digital Development, Innovation and Aerospace Industry of the Republic of Kazakhstan dated 18.02.2022 №56/HK (shall be enforced sixty calendar days from the date of its first official publication).
