

On approval of the list of hard-to-reach areas, water, mountain and caving sites associated with increased risk to life, and rules for informing the territorial bodies of the authorized body in the field of civil protection

Unofficial translation

The Order of the Minister of Emergency Situations of the Republic of Kazakhstan dated August 27, 2025 № 363. Registered with the Ministry of Justice of the Republic of Kazakhstan on August 27, 2025 № 36696

Unofficial translation

In accordance with subparagraph 10) of paragraph 2 of Article 18 of the Law of the Republic of Kazakhstan "On Civil Protection", **I HEREBY ORDER:**

1. To approve:

1) A list of hard-to-reach areas, water, mountain and caving sites associated with an increased risk to life, in accordance with Annex 1 to this order;

2) the Rules for informing the territorial bodies of the authorized body in the field of civil protection about the routes of movement through hard-to-reach areas, water, mountain and speleological objects associated with an increased risk to life in accordance with Annex 2 to this order.

2. The Emergency Response Department of the Ministry of Emergency Situations of the Republic of Kazakhstan, in accordance with the established legislative procedure, shall ensure :

1) the state registration of this order in the Ministry of Justice of the Republic of Kazakhstan;

2) posting of this order on the Internet resource of the Ministry of Emergency Situations of the Republic of Kazakhstan.

3. Control over the execution of this order is entrusted to the supervising Vice Minister of Emergency Situations of the Republic of Kazakhstan.

4. This order shall enter into force upon the expiration of ten calendar days after the date of its first official publication.

**Minister of Emergency Situations of the
Republic of Kazakhstan Ch. Arinov**

Annex 1
to the order of the Minister of
emergency situations of the
Republic of Kazakhstan
dated August 27, 2025 № 363

The List

of hard-to-reach area, water, mountain and caving objects associated with an increased risk to life

№	Name of the region, city of republican significance	Names of localities, water and mountain objects, and caving objects	Location coordinates
1.	Pavlodar region	Mount Akbet	50.8426547, 75.6578888

Appendix 2 to the Order

The Rules for informing the territorial bodies of the authorized body in the field of civil protection about the routes of movement through hard-to-reach areas, water, mountain and caving objects associated with an increased risk to life

1. These Rules for informing the territorial bodies of the authorized body in the field of civil protection (hereinafter referred to as – territorial authority) on routes of movement in hard-to-reach areas, water, mountain and caving objects associated with an increased risk to life, are developed in accordance with subparagraph 10) of paragraph 2 of Article 18 of the Law of the Republic of Kazakhstan "On Civil Protection" and determine the procedure for individuals to inform territorial authorities about routes of movement in hard-to-reach areas, water, mountain and caving areas associated with an increased risk to life.

2. Before starting a trip, individuals shall inform the territorial authority about the routes of movement when traveling through hard-to-reach areas, water, mountain and caving areas associated with an increased risk to life in the form of a notification in one of the following ways:

- in the eQonaq information system and its mobile application;
- to the e-mail address of the territorial authority indicated on the official website of the territorial authority;
- by calling 112 of the unified duty and dispatch service.

3. The notification must include the following information:

1) last name, first name, patronymic (if any) and contact details of the individual;

During a group trip, the territorial authority is informed by one of the group members, indicating the last name, first name, patronymic (if any), the number of group members and their contact details.

2) the planned date and time of starting the route and returning from the route;

3) information about the route of movement (the place of the beginning and end of the route, the length of the route, the expected places of overnight and rest);

4) the availability of first aid equipment, communication equipment, the use of which will ensure the organization of communication, chargers, as well as signaling devices;

5) the means of transportation used (if available);

6) additional information (if available).

4. Territorial authorities shall register notifications from individuals on routes of movement through hard-to-reach areas, water, mountain and caving areas associated with an increased risk to life.
